HOSPITAL ROUTE & FACILITY DIRECTORY

Synthetic Navigation Dataset for Hospital AI Copilot

Fictional institution: Northstar Multispeciality Hospital (NMH)

Version 1.0 • Doctor cabins, floors, ICU, canteen, public facilities and route instructions

1. Purpose, fictional layout and navigation rules

This document is designed for the hospital_route tool in a retrieval-augmented generation (RAG) assistant. It answers questions such as “Where is Dr. Rohan Bedi’s cabin?”, “Where is the ICU?”, “How do I get to the canteen?”, “Where is the pharmacy?”, and “Where should I go for emergencies?”. All buildings, room codes, directions, schedules, and facilities below are fictional test data.

Important navigation rules

• Use the named destination, building, floor, and room code from the retrieved record. Do not invent shortcuts or routes absent from this document.

• If a doctor has more than one listed room or a room is shared, tell the visitor to confirm the current assignment at reception.

• The ICU, CCU, operating areas, staff lounge, and inpatient clinical areas are restricted. Visitors must follow staff instructions and ward policy.

• For severe or potentially life-threatening symptoms, direct the user to the Emergency Department immediately rather than giving a routine clinic route.

Emergency notice

Emergency Department: Emergency Entrance, Ground Floor, code E-ER-01. The fictional ambulance drop-off is on the south side of the campus. In a real emergency, use the local emergency number or hospital emergency services; this synthetic map is not a real-world route.

2. Campus orientation

The fictional NMH campus is divided into five main zones: Main Building, East Clinical Block, Critical Care Block, Diagnostics Block, and West Services Block / Wellness Annex. The Main Entrance and reception are on the north side; the Emergency Entrance and ambulance drop-off are on the south side. The East Clinical Block connects to the Main Building through the central lobby. The Diagnostics Block is east of the Main Building. The West Services Block and Wellness Annex are west of the Main Building.

Zone	What is there	Navigation hint
Main Building	Reception, OPD registration, pharmacy, billing, records, public washrooms, lift lobby	Start at reception for directions and room confirmation.
East Clinical Block	Most doctor consultation rooms; Ground through Third Floors	Use central lobby connector and floor directory.
Critical Care Block	ICU and Cardiac ICU (CCU)	Restricted access; ask clinical staff before approaching.
Diagnostics Block	Laboratory, blood collection, radiology and imaging	Follow signs from the east-side connector.
West Services Block / Wellness Annex	Canteen, quiet room, physiotherapy, dental and mental wellness clinics	Follow west corridor signs; confirm clinic room at reception.

3. Doctor cabin and consultation room directory

This table links the 28 fictional doctors in doctor_search.pdf to the consultation room records used for navigation. A room is a synthetic location and should be used only in the test environment.

Doctor name	Specialty	Building / floor	Room / cabin
Dr. Aarav Mehta	General Medicine	East Clinical Block, First Floor	E-110
Dr. Simran Kaur	Internal Medicine	East Clinical Block, First Floor	E-112
Dr. Rohan Bedi	Cardiology	East Clinical Block, Second Floor	E-205
Dr. Mehak Sethi	Cardiology	East Clinical Block, Second Floor	E-208
Dr. Kabir Anand	Pulmonology	East Clinical Block, Third Floor	E-302
Dr. Navdeep Gill	Orthopaedics	East Clinical Block, Second Floor	E-220
Dr. Ishita Rao	Orthopaedics	East Clinical Block, Second Floor	E-224
Dr. Harleen Brar	Paediatrics	East Clinical Block, Ground Floor	E-030
Dr. Vivaan Khanna	Paediatrics	East Clinical Block, Ground Floor	E-034
Dr. Ananya Kapoor	Obstetrics and Gynaecology	East Clinical Block, Third Floor	E-310
Dr. Jasleen Sandhu	Obstetrics and Gynaecology	East Clinical Block, Third Floor	E-314
Dr. Naina Malhotra	Dermatology	East Clinical Block, First Floor	E-125
Dr. Arjun Chawla	ENT	East Clinical Block, Third Floor	E-330
Dr. Reet Oberoi	Ophthalmology	East Clinical Block, Ground Floor	E-050
Dr. Manav Suri	Gastroenterology	East Clinical Block, Third Floor	E-340
Dr. Priya Menon	Urology	East Clinical Block, Third Floor	E-350
Dr. Karan Walia	Nephrology	East Clinical Block, Second Floor	E-230
Dr. Tara Iyer	Endocrinology	East Clinical Block, Second Floor	E-235
Dr. Zoya Farooq	Neurology	East Clinical Block, Third Floor	E-360
Dr. Aditya Sen	Psychiatry	Wellness Annex, First Floor	W-115
Dr. Pooja Dhillon	Physiotherapy and Rehabilitation	Wellness Annex, Ground Floor	W-004
Dr. Neil Fernandes	Oncology	East Clinical Block, Third Floor	E-370
Dr. Sanya Bhatia	General Surgery	East Clinical Block, Second Floor	E-240
Dr. Farhan Ali	Rheumatology	East Clinical Block, Second Floor	E-245
Dr. Kavya Sharma	Dentistry	Wellness Annex, First Floor	W-120
Dr. Dhruv Mallick	Geriatric Medicine	East Clinical Block, First Floor	E-118
Dr. Aditi Verma	Haematology	East Clinical Block, Third Floor	E-375
Dr. Sahil Puri	Infectious Diseases	East Clinical Block, First Floor	E-130

How to answer a cabin question

Example: “Dr. Rohan Bedi’s consultation room is listed as E-205 in the East Clinical Block, Second Floor. Enter through the main reception, follow signs to the East Clinical Block, take the lift or stairs to the second floor, and check the floor directory. Confirm the room with reception before proceeding.”

4. Key hospital facilities and service points

Use the following entries for questions about the ICU, canteen, pharmacy, laboratory, emergency department, billing, washrooms and other facilities.

Facility	Location and room code	Purpose / visitor guidance	Hours / access
Main Reception and Information Desk F-001	Main Entrance, Ground Floor **Code:** G-001	Primary arrival point; ask for doctor clinic, department, room, visitor guidance, and accessibility assistance.	Daily, 06:00–22:00 **Access:** All visitors
Emergency Department F-002	Emergency Entrance, Ground Floor **Code:** E-ER-01	For urgent assessment. Ambulance drop-off is at the Emergency Entrance on the south side of the campus.	24 hours **Access:** Emergency patients and accompanying persons
Intensive Care Unit (ICU) F-003	Critical Care Block, First Floor **Code:** CC-101	Restricted clinical area. Visitors must follow staff instructions and visiting rules; do not enter without authorization.	24-hour clinical service; visiting per ward policy **Access:** Authorized staff and approved visitors
Cardiac Intensive Care Unit (CCU) F-004	Critical Care Block, First Floor **Code:** CC-115	Specialized critical-care area for patients requiring cardiac monitoring; access is controlled.	24-hour clinical service; visiting per ward policy **Access:** Authorized staff and approved visitors
Medical and Surgical Wards F-005	Inpatient Block, Floors 2–4 **Code:** Ward desk varies by floor	Inpatient accommodation and nursing stations; confirm ward and bed location with reception or ward staff.	24 hours **Access:** Patients, staff, approved visitors
Outpatient Department (OPD) Registration F-006	East Clinical Block, Ground Floor **Code:** E-OPD-01	Registration and queue guidance for scheduled outpatient consultations.	Mon–Sat, 08:00–17:00 **Access:** Outpatients and accompanying persons
Pharmacy F-007	Main Building, Ground Floor **Code:** G-015	Prescription dispensing and medication collection; prescriptions and applicable hospital rules are required.	Daily, 07:00–23:00 **Access:** Patients and caregivers
Diagnostic Laboratory F-008	Diagnostics Block, Ground Floor **Code:** D-010	Sample collection and laboratory reception; test preparation requirements should be confirmed with the clinical team.	Daily, 06:30–20:00 **Access:** Patients and authorized staff
Radiology and Imaging F-009	Diagnostics Block, First Floor **Code:** D-105	X-ray, ultrasound and other imaging reception; exact services depend on the fictional department schedule.	Daily, 08:00–20:00 **Access:** Patients and authorized staff
Canteen / Cafeteria F-010	West Services Block, Ground Floor **Code:** W-020	Meals, snacks and beverages; keep food away from clinical areas and follow any patient-specific diet instructions.	Daily, 07:00–21:00 **Access:** Visitors, staff and eligible patients
Public Washrooms F-011	Main Building, Ground Floor near Reception; each clinical floor near lifts **Code:** G-W01; floor signs	Accessible and standard washrooms; follow directional signage for the nearest facility.	Building access hours **Access:** Visitors and patients
Prayer / Quiet Room F-012	West Services Block, First Floor **Code:** W-110	Quiet space for reflection; keep noise low and respect others using the room.	Daily, 06:00–22:00 **Access:** Visitors, patients and staff
Billing and Insurance Desk F-013	Main Building, Ground Floor **Code:** G-020	Billing queries, invoices and insurance desk guidance. This prototype does not process payments.	Mon–Sat, 08:00–17:00 **Access:** Patients and caregivers
Medical Records and Reports Desk F-014	Main Building, Ground Floor **Code:** G-025	Guidance on obtaining reports and records subject to identity verification and hospital policy.	Mon–Sat, 09:00–17:00 **Access:** Authorized patients and representatives
Blood Collection Centre F-015	Diagnostics Block, Ground Floor **Code:** D-018	Sample collection and related directions; follow the test-specific instructions given by the clinical team.	Daily, 06:30–18:00 **Access:** Patients and authorized staff
Physiotherapy and Rehabilitation F-016	Wellness Annex, Ground Floor **Code:** W-004	Rehabilitation reception and therapy rooms for scheduled sessions.	Mon–Sat, 08:00–17:00 **Access:** Patients with clinical referral or scheduled session
Dental Clinic F-017	Wellness Annex, First Floor **Code:** W-120	Dental reception and consultation rooms.	Mon–Sat, 09:00–17:00 **Access:** Patients
Lift Lobby and Stairwell F-040	Central core of Main Building and East Clinical Block **Code:** Near floor directories	Use lift lobby signs to find floors. Keep stairwells clear and use emergency stairs only according to posted safety instructions.	Building access hours **Access:** Visitors and staff

5. Department and clinic locations

This section provides department-level destinations where a visitor may need to go even if they do not know the doctor's name.

Department / facility	Building / floor	Room code	Useful note
Paediatric Clinic F-018	East Clinical Block, Ground Floor	E-030 reception	Child health outpatient clinic; reception directs families to the assigned room. **Hours:** Mon–Sat, 09:00–17:00
Cardiology Clinic F-019	East Clinical Block, Second Floor	E-205 / E-208	Outpatient cardiology rooms; check the doctor name and current clinic list at reception. **Hours:** Mon–Sat, 09:00–17:00
Pulmonology Clinic F-020	East Clinical Block, Third Floor	E-302	Outpatient respiratory clinic; acute severe breathing difficulty should go to Emergency instead. **Hours:** Mon–Fri, 09:00–14:00
Orthopaedics Clinic F-021	East Clinical Block, Second Floor	E-220 / E-224	Outpatient bone and joint clinic; reception confirms assigned doctor and room. **Hours:** Mon–Sat, 09:00–17:00
General Medicine Clinic F-022	East Clinical Block, First Floor	E-110 / E-112 / E-118	Outpatient adult medicine rooms; confirm the assigned doctor's room before proceeding. **Hours:** Mon–Sat, 09:00–17:00
Obstetrics and Gynaecology Clinic F-023	East Clinical Block, Third Floor	E-310 / E-314	Outpatient women's health clinic; follow reception guidance for room assignment. **Hours:** Mon–Sat, 09:00–17:00
Dermatology Clinic F-024	East Clinical Block, First Floor	E-125	Outpatient skin, hair and nail consultation room. **Hours:** Tue–Sat, 10:00–14:00
ENT Clinic F-025	East Clinical Block, Third Floor	E-330	Ear, nose and throat outpatient clinic. **Hours:** Mon–Fri, 09:30–13:30
Ophthalmology Clinic F-026	East Clinical Block, Ground Floor	E-050	Eye clinic; sudden vision loss or major eye injury requires urgent assessment. **Hours:** Mon–Sat, 09:00–13:00
Gastroenterology Clinic F-027	East Clinical Block, Third Floor	E-340	Outpatient digestive health consultation room. **Hours:** Mon–Fri, 10:00–14:00
Urology Clinic F-028	East Clinical Block, Third Floor	E-350	Outpatient urinary-system consultation room. **Hours:** Mon–Fri, 12:00–16:00
Nephrology Clinic F-029	East Clinical Block, Second Floor	E-230	Outpatient kidney-care consultation room. **Hours:** Mon–Fri, 09:30–13:30
Endocrinology Clinic F-030	East Clinical Block, Second Floor	E-235	Outpatient endocrine consultation room. **Hours:** Tue–Sat, 10:00–14:00
Neurology Clinic F-031	East Clinical Block, Third Floor	E-360	Outpatient neurology consultation room. **Hours:** Mon–Fri, 09:00–13:00
Psychiatry / Mental Wellness Clinic F-032	Wellness Annex, First Floor	W-115	Private consultation area; reception can guide patients without asking them to disclose details publicly. **Hours:** Mon–Fri, 10:00–14:00
Oncology Clinic F-033	East Clinical Block, Third Floor	E-370	Outpatient oncology consultations and follow-up; confirm current room allocation with reception. **Hours:** Mon–Fri, 11:00–15:00
General Surgery Clinic F-034	East Clinical Block, Second Floor	E-240	Outpatient surgical consultation and planned follow-up. **Hours:** Mon–Fri, 09:00–13:00
Rheumatology Clinic F-035	East Clinical Block, Second Floor	E-245	Outpatient joint and rheumatic-condition consultation. **Hours:** Tue–Sat, 10:00–14:00
Geriatric Medicine Clinic F-036	East Clinical Block, First Floor	E-118	Older-adult health review; shared room assignment should be confirmed at reception. **Hours:** Mon–Fri, 10:00–14:00
Haematology Clinic F-037	East Clinical Block, Third Floor	E-375	Outpatient blood-disorder consultation, usually through clinical referral. **Hours:** Mon–Fri, 12:00–16:00
Infectious Diseases Clinic F-038	East Clinical Block, First Floor	E-130	Specialist consultation for selected complex cases; confirm referral and room assignment. **Hours:** Tue–Fri, 11:00–15:00
Doctor Lounge / Staff Only F-039	East Clinical Block, Second Floor	Staff access only	Restricted staff area; visitors should not enter. Ask reception for public consultation rooms. **Hours:** Not public

6. Step-by-step route examples

These examples test whether the assistant can combine a destination with building and floor instructions. They are text-only directions within the fictional campus, not a measured or accessible route map.

Main Entrance → Dr. Aarav Mehta

Enter through the Main Entrance and visit reception if needed. Follow signs into the East Clinical Block, go to the First Floor, and look for room E-110. Confirm the room assignment at the floor directory.

Main Entrance → Dr. Rohan Bedi

From reception, follow the central lobby connector to the East Clinical Block. Take the lift or stairs to the Second Floor and look for E-205. Confirm with reception if the clinic list has changed.

Main Entrance → Dr. Kabir Anand

From the central lobby, follow signs to the East Clinical Block. Go to the Third Floor and locate E-302. If the person is experiencing severe breathing difficulty, use the Emergency Department instead.

Main Entrance → ICU

Ask reception or clinical staff for the Critical Care Block. The ICU is listed on the First Floor as CC-101. The ICU is a restricted clinical area; do not enter without authorization.

Main Entrance → Canteen

From the Main Building lobby, follow the west corridor signs to the West Services Block, Ground Floor, room W-020. The canteen is listed as open daily from 07:00 to 21:00 in this synthetic dataset.

Main Entrance → Pharmacy

The pharmacy is in the Main Building on the Ground Floor, room G-015. From reception, follow the ground-floor service signs.

Main Entrance → Laboratory

Follow the east-side connector to the Diagnostics Block, Ground Floor, room D-010. Confirm sample collection instructions with the clinical team.

Main Entrance → Radiology

Follow signs to the Diagnostics Block and take the lift or stairs to the First Floor, room D-105.

Main Entrance → Physiotherapy

Follow west corridor signs to the Wellness Annex, Ground Floor, therapy reception W-004.

Main Entrance → Emergency Department

Proceed to the Emergency Entrance on the south side of the campus, Ground Floor, room E-ER-01. In a real emergency, call local emergency services if needed and follow staff instructions.

7. Query examples and retrieval test set

The following queries should retrieve the matching facility or room record. Use the returned content as evidence and do not fabricate a location if the retrieval result is missing.

User query	Expected grounded answer
“Where is the ICU?”	Critical Care Block, First Floor, CC-101. Restricted access; follow staff instructions.
“Where is the CCU?”	Critical Care Block, First Floor, CC-115. Restricted access.
“Where can I find the canteen?”	West Services Block, Ground Floor, W-020.
“Where is the pharmacy?”	Main Building, Ground Floor, G-015.
“Where is Dr. Ishita Rao’s cabin?”	East Clinical Block, Second Floor, E-224.
“Where is Dr. Mehak Sethi’s room?”	East Clinical Block, Second Floor, E-208.
“Where is the children’s clinic?”	East Clinical Block, Ground Floor, E-030 reception; Dr. Vivaan Khanna is listed at E-034.
“Where do I register for OPD?”	East Clinical Block, Ground Floor, E-OPD-01.
“Where is the lab?”	Diagnostics Block, Ground Floor, D-010.
“Where is the washroom?”	Main Building Ground Floor near Reception; additional washrooms are near lift lobbies on clinical floors.
“Where do I go for severe breathing difficulty?”	Emergency Department, Emergency Entrance, Ground Floor, E-ER-01. Seek urgent emergency assistance.
“Where is the staff lounge?”	The doctor lounge is staff-only on the East Clinical Block Second Floor. Visitors should ask reception for public consultation rooms.

8. Safety, access and data quality rules

• Never tell a visitor to enter the ICU, CCU, operating rooms, staff-only rooms, or other restricted zones without authorization.

• Do not expose patient names, bed numbers, or private patient information. This document intentionally contains none.

• Static hours and room codes are synthetic; never describe them as live or verified.

• If the user asks for an inaccessible, unlisted, or ambiguous destination, direct them to reception rather than inventing a route.

• For emergencies, prioritize the Emergency Department. Do not route a person with severe symptoms to a routine outpatient clinic.

• If the user asks for a doctor’s room, use the doctor-to-room table first; if the record conflicts with a department entry, tell them to confirm at reception.

Architecture mapping

hospital_info.pdf: general hospital information, services and policies. **doctor_search.pdf:** doctor names, qualifications and specialty matching. **hospital_route.pdf:** this room, cabin, department and facility directory. **doctor_profile.pdf:** expanded fictional doctor biographies and patient feedback.

Final notice

Northstar Multispeciality Hospital, its layout, doctors, room codes, facilities and schedules are fictional. This document is for synthetic RAG testing only and must not be used for real-world navigation or patient care.
